

Road to My Health Career Game of Life

Use your ID badge and "Roll to My Health Care Career" to fill in and complete the Game of Life.

Start - If you have a career that earns multiple levels of education you can choose which degree to earn, **but** you must subtract \$15,000 from your annual income and \$1,250 from your monthly income if you choose to follow the lower level of education.

My Career: _____⁽¹⁾ Monthly Income: \$ _____⁽²⁾ Degree Earned: _____⁽³⁾

Life Roll #1

I rolled a (Write number): _____ resulting in my student loan debt being: \$ _____ and Beginning my career at age: _____⁽⁴⁾

Life Roll #3

I rolled a (Write number): _____ for my family, and other expenses like cars and bills. I have a household size of: _____⁽⁶⁾ people, we cost: \$ _____/month.

Calculate your remaining income:

$$\$ \underline{\hspace{2cm}} - \$ \underline{\hspace{2cm}} =$$

$$\$ \underline{\hspace{2cm}}$$

I rolled a (Write number): _____ to find out if I earned a scholarship for school. Did you earn a scholarship? (Circle one) YES / NO

After **NOT RECEIVING / RECIEVING** a scholarship, my new loan amount is:

$$\$ \underline{\hspace{2cm}} \text{ (5).}$$

If you owe any \$\$ on student loans you must pay \$250/month to your student loans.

My monthly loan payments are: **\$0 or \$250**

Subtract from your monthly income and **calculate** what's remaining:

$$\$ \underline{\hspace{2cm}}$$

Life Roll #4

I rolled a (Write number): _____ to buy my first house. I have a: _____⁽⁷⁾ bedroom home that costs me: \$ _____/month.

Calculate your remaining income:

$$\$ \underline{\hspace{2cm}} - \$ \underline{\hspace{2cm}} = \$ \underline{\hspace{2cm}} \text{ (8)}$$

Use the ⁽¹⁾ numbered lines above to fill in the final "My Life..." section with the matching number below.

My Life... On my path to becoming a _____⁽¹⁾, I took a TRADITIONAL / NONTRADITIONAL educational pathway. I DID / DIND'T earn a scholarship and graduated college being \$ _____⁽⁵⁾ in student loan debt with a _____⁽³⁾ degree. I began my career at the age of _____⁽⁴⁾ while earning \$ _____⁽²⁾ per month. I have a household size of _____⁽⁶⁾, a _____⁽⁷⁾ bedroom home and an ending monthly budget of \$ _____⁽⁸⁾
